Tank Heating Solutions

Let us help you with your sustainability goals by electrifying your fuel-fired industrial heating systems.

GIC THERMODYNAMICS offers a full line of Thermocouples and RTD's for the most demanding applications. With over 40 years of experience, our knowledgeable sales and engineering staff will work with you to develop the right sensor for your application. GIC maintains a large inventory of base materials in order to provide sensors when they are needed. We have a large inventory of Stock Sensors for same day shipping and **24 hour delivery** available on many custom assemblies. www.gicsensors.com

KECO - Precision liquid and gas analyzers

Industries include: oil & gas, petrochemical, and water treatment. Utilizing advanced technologies such as PermaStream™ membrane stripping and ASTM-compliant lead-acetate tape detection, KECO analyzers deliver accurate, real-time measurements of H₂S, CO₂, VOCs, and hydrocarbons. <https://liquidgasanalyzers.com/>

FAIRCHILD - Pneumatic and Electropneumatic Regulators & Controls

One of the Widest Selections of Fast, Precise and Reliable Devices for Control of Pressure: I/P, E/P, P/I & D/P Transducers, Pneumatic Regulators, Relays, Volume Boosters and a New Family of P/I transducers. www.rotork.com

WALTRON - Experts in Chemistry Since 1903

Experts in boiler water chemistry and innovators to the drinking water industry for over a century, bringing the most advanced online instrumentation available today. www.waltron.net

George Instrument Company

A Stocking Industrial Distributor Serving Michigan and NW Ohio for Over 70 Years
